VEHICLE DEFECT REPORT

H.O.W.D. 20.5.1991

Make FORD Regn. No. H315XHX Location STANTHORE

The inspection of this vehicle at 27354 miles revealed the following defects and arrangements should now be made for these to be rectified. NOTE. This report is not authority for unlimited expenditure. Your attention is drawn to the departmental procedure which requires estimates to be submitted to Transport Management for approval before repairs likely to cost more than £ are carried out.

- 1, Add coolant to correct level ✓
- 2, Check / adjust front wheel alignment - uneven tyre wear ✓
